## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The faculty, staff, and students of Burns Elementary have been working hard this year to improve both academics and the environment of the school. To this end, the leadership team, with the assistance of a state liaison, has developed a focused school renewal plan for both the 2007-2008 and the 2008-2009 school years. Reading and writing have been the focus this year, and science and math will be added next year.

To improve scores in reading, we have implemented a school-wide reading incentive plan, a DEAR (drop everything and read) program, and a take-home reading program for CD (child development) through second grade. The books for the take-home reading program were purchased with funds from a grant from the Medical University of South Carolina (MUSC). We have also purchased a leveled library, so that teachers have access to over a thousand books on varying levels for their students to read. Groups of students, whose need for intervention was determined by MAP and PACT scores, are participating in Academy of Reading, which is a computer-based program. Large additions have been made to classroom libraries. Students were given books to keep over the winter break and will receive summer reading materials as well. Grants and donations provided these books.

Student writing was scored this year by an outside source. The students' scores were analyzed to determine weaknesses. With this information, a plan was developed to train teachers in 6 Traits Writing. All teachers have begun training, and they will continue it next year. Quarterly writing assessments have demonstrated an improvement in writing and will be continued next year as well.

Burns adopted Positive Behavior Interventions and Support (PBIS) to curtail behavior problems. All teachers have attended the classroom management portion of the training. Training for the school-wide portion began in February and will continue next year.

Burns enjoys the support of the PTA, local businesses, high school students, and a parenting specialist. We have a full-time Registered Nurse, a Guidance Counselor, a Student Concerns Specialist, and a part-time School Resource Officer. We have also provided a free eye-screening for all of the students in our school. To support academics, we have two, full-time teacher coaches and have had the support of other district teacher coaches as well.

At Burns Elementary, we are dedicated to achieving academic excellence in a safe and positive atmosphere.
